Science					
Biology	3.0	0.0	Area B2	50	BIO 1150
Chemistry	3.0	0.0	Area B1	50	None
Natural Sciences	3.0	0.0	Area B1 or B2	50	See Biological Sciences Dept.

If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered “Level I” and earns six units of baccalaureate credit; the higher score listed for each test is considered “Level II” and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

* For students to complete their major within the prescribed unit requirement (typically 120 units), students with lower-division GE Area D credit could complete upper-division GE Synthesis courses HST 3340 and/or PLS 4205 to satisfy the American Institutions (AI) requirement Part A and/or Part B, respectively. Students majoring in programs with unrestricted elective units are strongly encouraged to complete HST 2201 or HST 2202 to satisfy AI requirement Part A, and/or PLS 2010 to satisfy AI requirement Part B. See your academic advisor for more information.
